# Minutes

**Approval of minutes from July 22, 2021 meeting**
- Deferred until the next meeting.

**Approval of minutes from August 5, 2021 meeting**
- Approved
- Action item: Hendrik had the marketing sub-committee meeting.

**Informational Update on Temurin Release**
- ppc64le and aarch64 now out
- AIX and s390x are nearly ready
- JRE 8 TCK runs are underway
- Docker and Homebrew PR's are underway

- - ○ Starting with just ubuntu, centos and windows
  - Linux installer (RPM/DEB) work is underway
  - ACTION ITEM: EMO to confirm if JDK17 requires a new OCTLA agreement

**Update from marketing sub-committee**
- Subcommittee has been formed
  - First weekly meeting has occurred.
- First goal is to work on a transition plan from AdoptOpenJDK to Eclipse Temurin.
  - Also to clear up branding questions… What is Adoptium? Temurin etc
- Work has begun on the adoptium.net website future roadmap
  - This will be presented to the committee in the next meeting
- Seeking experts from member companies.
- Sanhong suggested an FAQ document.
- The plan is to do a press release once JDK17 is out (September)
- ACTION ITEM: Tim to request a tweet announcing the releases (and status)
