Vulnerability Group
- Paul asked if only an EF employee can join or if anyone in the community is able to join.
- Tim Ellison not participating hasn't been an issue for us at AdoptOpenJDK so far…
    - The main benefit is that we are able to see the embargoed code before it is released, and have access to the vulnerability tests.
- George believes that you can only join the group if you are affiliated with the EF.

New member & sponsorship pipeline review
- EF is setting up Hubspot to help track pipeline
- Review of current members in the pipeline, Paul to follow up with several contacts.
