Minutes:

Approval of minutes from May 18th, 2023 meeting

- Approved
- Action: Carmen is still waiting for dates from the budget subcommittee

Alternative chair for next week

• Tim Ellison will do this

Commercial support for enterprise users

- Carmen suggested that a page be added to the website summarizing commercial support options for Eclipse Temurin.
- A discussion was held around whether only WG members would be able to display their support information on the website or whether it could be opened up to non-member companies.
- This will be limited to working group members only.
- Action: George to provide a website mock-up.

Testing resources and support for less common platforms

- Google is planning contributions to OpenJDK and are foreseeing the likelihood to test on operating systems/architectures that they don't have in-house.
- Shelley is already working on this program which would enable OpenJDK developers to test on additional platforms not currently tested by the GitHub actions CI.
- Action: Shelley to arrange a working meeting next week to discuss next steps.
