### Notes

- Approval of minutes from [Mar 5](#)
  - Unanimously approved
- Marketing update
  - COVID19 effects: events have been delayed, budget affected, hiring slowed down

- Broadcom decided to reconsider their participation in the ECD WG: from Strategic to Participant [at least for the current year]
- Website: there's a working document where the content is being added, likely to go live by the end of the month [March 30th]
- Openvsx registry: Sven expected to join next week's [March 24th] Marketing Committee call to discuss how the ECD WG can support the launch of the registry
- Wrap up of Technical Priorities slides
  - Have updates happened? Sven updated their slide
  - Jean Roussel to add a slide for Tracing Protocol
  - Schedule community call
    - Jointly hosted by Steering & Marketing committee
    - Present progress of WG and Technical/Marketing priorities thus far
    - Call for participation, particularly on the various sub-groups leading the Technical Priorities
    - Introduce the ECD WG website, discuss social media presence, etc
- Other topics?
  - Jean Roussel: the Eclipse Theia 1.0 release is happening at the end of the month, there will be a press release announcement about it that is being coordinated by Thabang. It would be good to have quotes from companies using Theia. There are various contributions already but IBM and Red Hat seem to be missing
- Next meeting scheduled for Thursday, April 2 at 11:00 EST
