Attendees

Steering Committee Members:

Number of Seats 9 / Quorum is 50% of Committee / Passing a resolution is > 50%

- **Pradeep Balachandran (IBM) / Gerald Mitchell (IBM)**
- **Sebastian Ratz (SAP) / Yannic Soethoff (SAP)**
- **Manuel Bork (Yatta)** / Frederic Ebelshäuser (Yatta)
- **Jonah Graham (Planning Council Chair)**
- **Mark Goodchild (Renesas)**
- Abdul Rahiman Imran (Bosch)
- **Johannes Matheis (Vector)**

- **Martin Lippert (VMware - Participant Representative)**

Supporter Members:
- Remi Schnekenburger (EclipseSource)

Other Attendees:
- **Paul Buck (Eclipse Foundation)**
- **Sharon Corbett (Eclipse Foundation)**
- **Ed Merks (Eclipse Foundation, Sim Rel Engineer)**
- **Mikael Barbero (Eclipse Foundation)**
- Mélanie Bats (Planning Council Observer)
- Shanda Giacomoni (Eclipse Foundation)
- Andrey Loskutov

Minutes

Approve Minutes of Aug 23, 2022 Meeting

Motion: Approve Minutes of Aug 23, 2022. Pradeep moves and Martin seconds. No objection to unanimous approval.

RESOLVED, the Steering Committee unanimously approved the Minutes of Aug 23, 2022 on September 6, 2022.

Security code audit of Equinox p2

Mikael Barbero (Eclipse Foundation) gave a summary of the RFP process that is being undertaken for the Security code audit of Equinox p2.

https://ostif.org/ are doing the audit. The audit is not just running some automatic tools. There will be a report given to the Eclipse Foundation, privately if there are security concerns. In addition guidance will be provided to the projects, but the projects will be responsible for actual fix implementations.

https://github.com/ostif-org/OSTIF/blob/main/Completed-Engagements.md contains their completed engagements to give a flavour of the output. In addition, as vulnerabilities are identified projects will be told about them.

Steering Committee meeting during EclipseCon

Mark has booked and will definitely be there.
Room reserved on Tuesday, October 25, 11:00 for 60 minutes, 10 - 15 people.
The room is small, and will not have projectors and screens.
Should be in one of the "Seminarraum" meeting rooms at the Forum which are next door to each other.
Pradeep will confirm his attendance at next meeting.

EclipseCon - Community Day for the Eclipse IDE WG

https://wiki.eclipse.org/EclipseCon2022_CommunityDay_EclipseIDEWorkingGroup - Gerald has pending updates to make. Still working on assigning speakers to individual topics.

Ed is at EclipseCon, but probably can't attend community day due to Board conflict. Others are hoping to confirm attendance in coming days/weeks.

IDE WG Development Efforts Initiative

Paul provided a brief update, especially on dark mode. Moving slower than expected but still progressing.
Huge backlog of fixes that could be reviewed, would need a committer to do those reviews.
Paul will put together a slide or two as a starting point for a talk at community day.

Webinars

https://wiki.eclipse.org/Eclipse_IDE_Webinar - contains plan for a webinar next week to align with the 2022-09 release of the IDE.
Going forward Pradeep is aiming for at least once a quarter, aligned with the Eclipse IDE releases.
Aiming for approximately one hour, comprised of three or four talks of 15-20 minutes each.
Add talk on p2/maven/gpg integration. Ed will reach out to Christoph.
Include links/promotion of Holger's release highlight video.
Pradeep hopes to get meetup.com/eclipseide
Paul reports that Jakarta EE has had good results on Youtube, many views after the live event.

Github sponsorship

Paul presented https://drive.google.com/file/d/1VkTCz-eWizVEaoXHP_P5d1b0h0S5hhZ4/view for how to leverage GitHub sponsors.

Vote on this topic at the next meeting
