

Eclipse IoT monthly report

December 2015

Notes

- Added Maven Central stats for Californium and Leshan
 - Stats do not include December as they haven't been computer by Sonatype yet
 - For the same reason, Paho stats will be available starting next month
- On slide #3, a bug in dashboard.eclipse.org prevents mailing lists info to show up
 - see [bug 484294](#)

Monthly projects development activity

DEC '15
