

# How to get involved with Jakarta EE?

Tanja Obradovic  
January 2019

[tanja.obradovic@eclipse-foundation.org](mailto:tanja.obradovic@eclipse-foundation.org)

# As we are getting closer to Jakarta EE, ...

# ... we will need your help!

---

- **We already have submissions for new specifications for Jakarta EE 9:**
  - **Jakarta NoSQL** and **Jakarta Batch** are welcomed
- **Candidate specs will address what we heard from you in the Community Voices**
  - **CDI Alignment,**
  - **Java 11 and Modularity,**
  - **MicroProfile, Microservices & Cloud**
- **Final specifications need work on**
  - **APIs and spec documents**
  - **More modular TCKs and Compatible Implementations**
  - **Code first approach is encouraged**

**Glimpses  
of the way  
forward!**

---

# What can you help with?

- **Marketing and Promotional work**
  - Please connect with us on the social media, tweet, share and invite other to participate
  - Help us reach out to the community, write blogs and suggest if we missed anything
- **Technical Work**
  - Work on the Jakarta EE Specifications
    - APIs and Specifications documents
  - Work on TCKs
  - Work on Compatible Implementations, hosted at Eclipse Foundation or not
- **Collateral work**
  - We do need presentations, white papers, technical articles that will explain new specifications and feature updates work

JAKARTA EE

Connect with us!

- Please visit <https://jakarta.ee/connect/>
  - Jakarta EE Community Mailing List
  - Jakarta EE Working Group Mailing List
  - Newsletter
- Let us know about your involvement with Jakarta EE
  - If you have Jakarta EE events we can help promote them! Submit the [event info](#)
  - Contact us about [Jakarta Tech Talks](#) if you'd like to be involved
  - [jakartablogs.ee](#) is live now! Follow the [guidelines](#) to add your blog

# What paperwork do you need?

**Please ensure all agreements are executed before you start the work**

## **Contributors:**

- [Eclipse Contributor Agreement](#)

## **Committers:**

1. [Eclipse Foundation Membership Agreement](#)
2. [Member Committer and Contributor Agreement](#) or [Individual Committer Agreement](#)
3. [Working Group Participation Agreement](#)

**Get familiar with  
the Jakarta EE  
Working Group!**

- **Consider joining the Working Group**
  - <https://jakarta.ee/members/>
  - **Help shape the future of Jakarta EE**
- **Get familiar with Technical Direction of Jakarta EE top level project - EE4J**
  - <https://www.eclipse.org/ee4j/direction.php>
- **Find out what are Working Group committees discussing on weekly bases**
  - [https://jakarta.ee/meeting\\_minutes/](https://jakarta.ee/meeting_minutes/)
- **Developers, please focus particularly on Project Management Committee - PMC meeting notes**
  - <https://www.eclipse.org/ee4j/minutes/>

# What is EE4J?

- Jakarta EE top level project at Eclipse Foundation is called EE4J
- For more on EE4J top level project please review
  - Project pages <https://projects.eclipse.org/projects/ee4j> and
  - its Charter <https://projects.eclipse.org/projects/ee4j/charter>
  - The Jakarta EE Platform specification project <https://projects.eclipse.org/projects/ee4j.jakartaee-platform>

# EE4J projects in GitHub

- **Look at the Developer Resources on the project page and find the GitHub links for the EE4J top level project**
  - <https://github.com/eclipse-ee4j/ee4j>
  - <https://github.com/eclipse-ee4j/ee4j/issues>
- **GitHub pointers for the specification project are here**
  - <https://github.com/eclipse-ee4j/jakartaee-platform>
  - <https://github.com/eclipse-ee4j/jakartaee-platform/issues>

# Welcome Developers!

- We are Open for participation
- Ready for faster innovation
- Let's make Jakarta EE ready for java cloud native application development

**HELP!**

**We need somebody, but not just anybody...**

---

# JAKARTA EE

# Cloud Native Java

**KEEP  
CALM**

**And get  
involved  
with**

**JAKARTA EE**

**#jakartae 12**
