Some Eclipse Usage Data

A subscriber study from Eclipse Review

754 respondents, June 2006

Alan Zeichick, BZ Media

This is subscriber data

- A self-selecting audience: Those who chose to subscribe to a free quarterly magazine about Eclipse development
- The data was gathered for internal use, primarily for□the editors on Eclipse Review
- This presentation primarily shows my poor PowerPoint skills

BZ Media

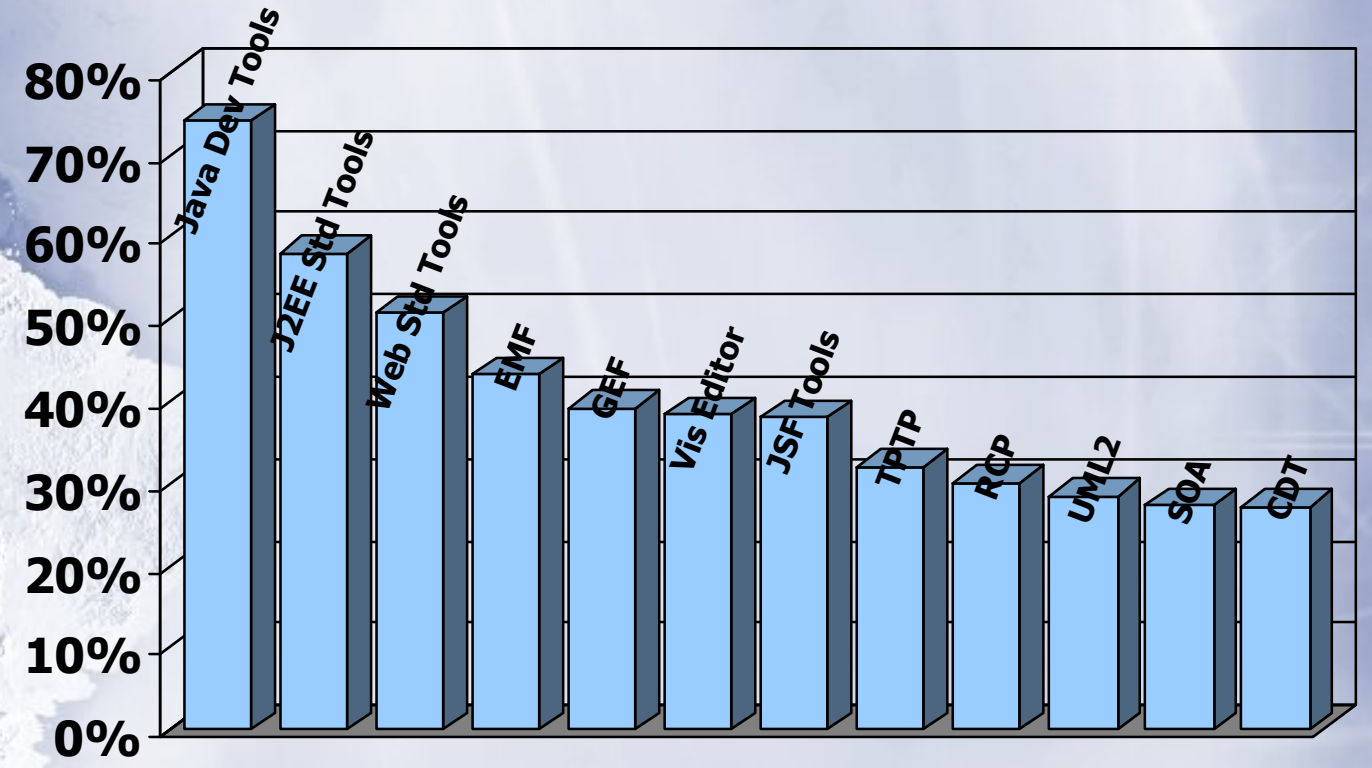
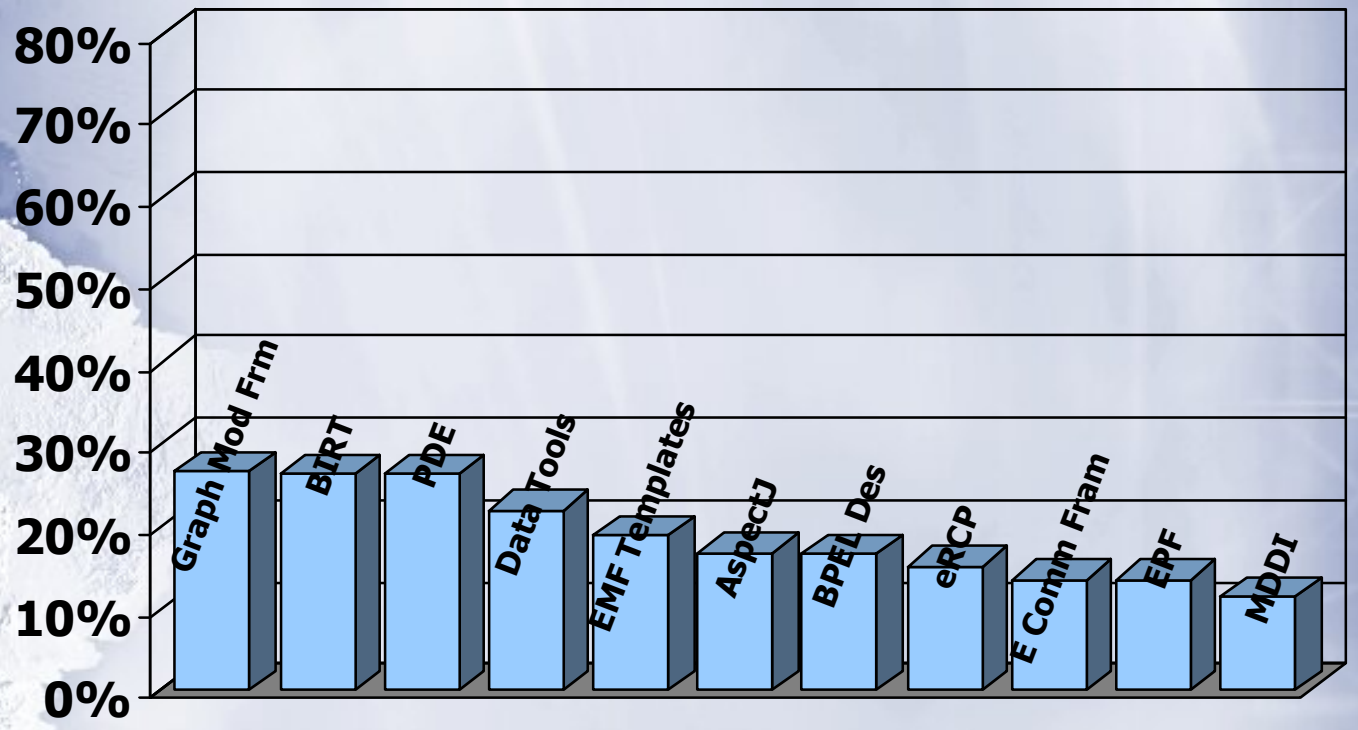
Which projects do you use now, will you use next year?



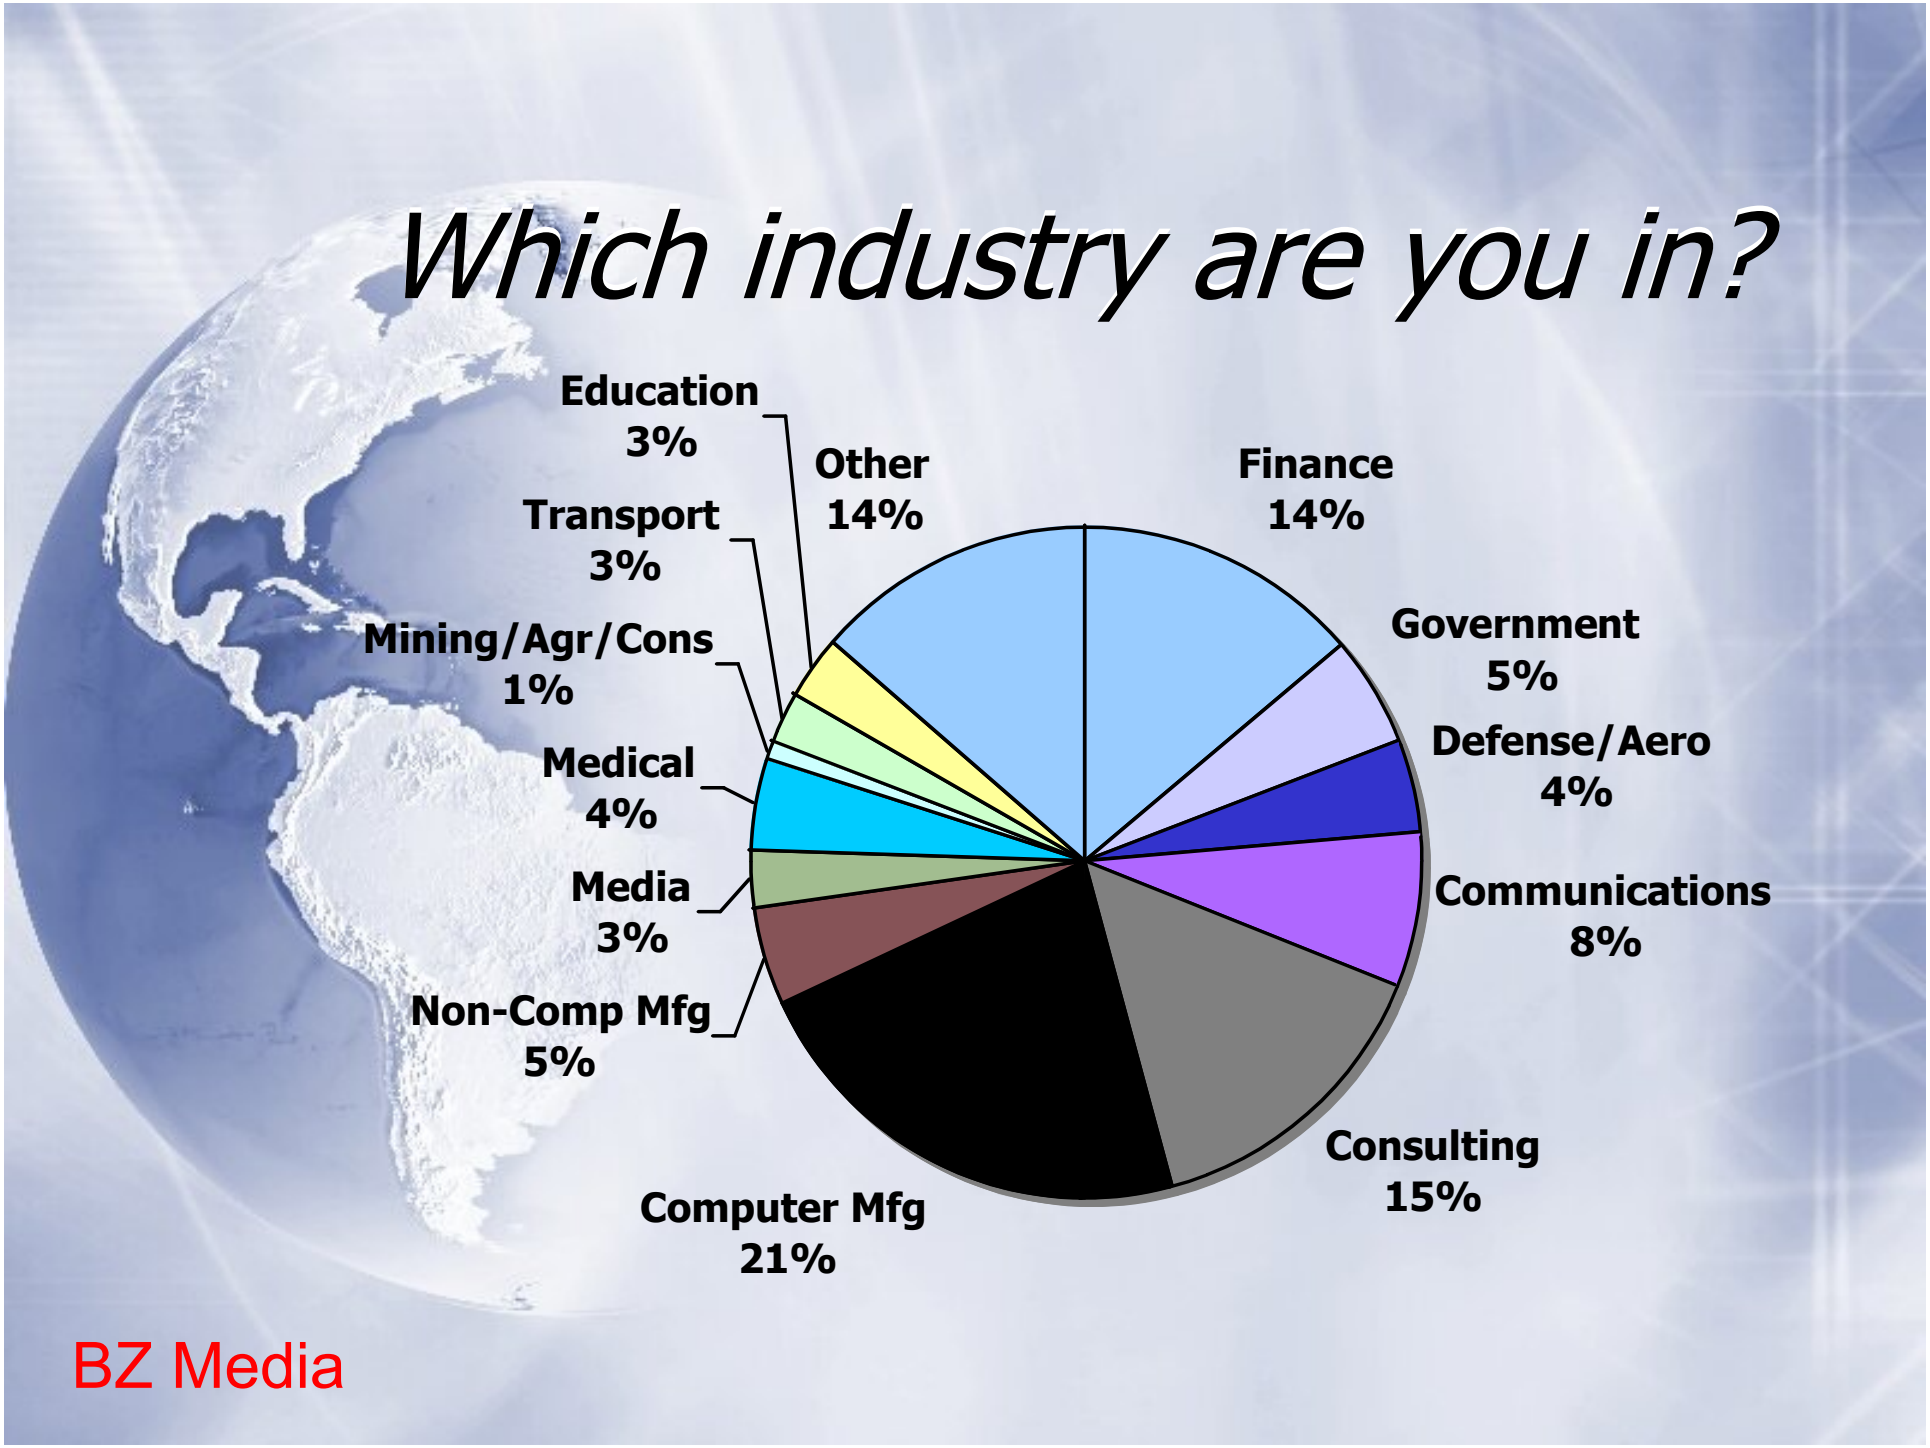
BZ Media

Which projects do you use now, will you use next year?

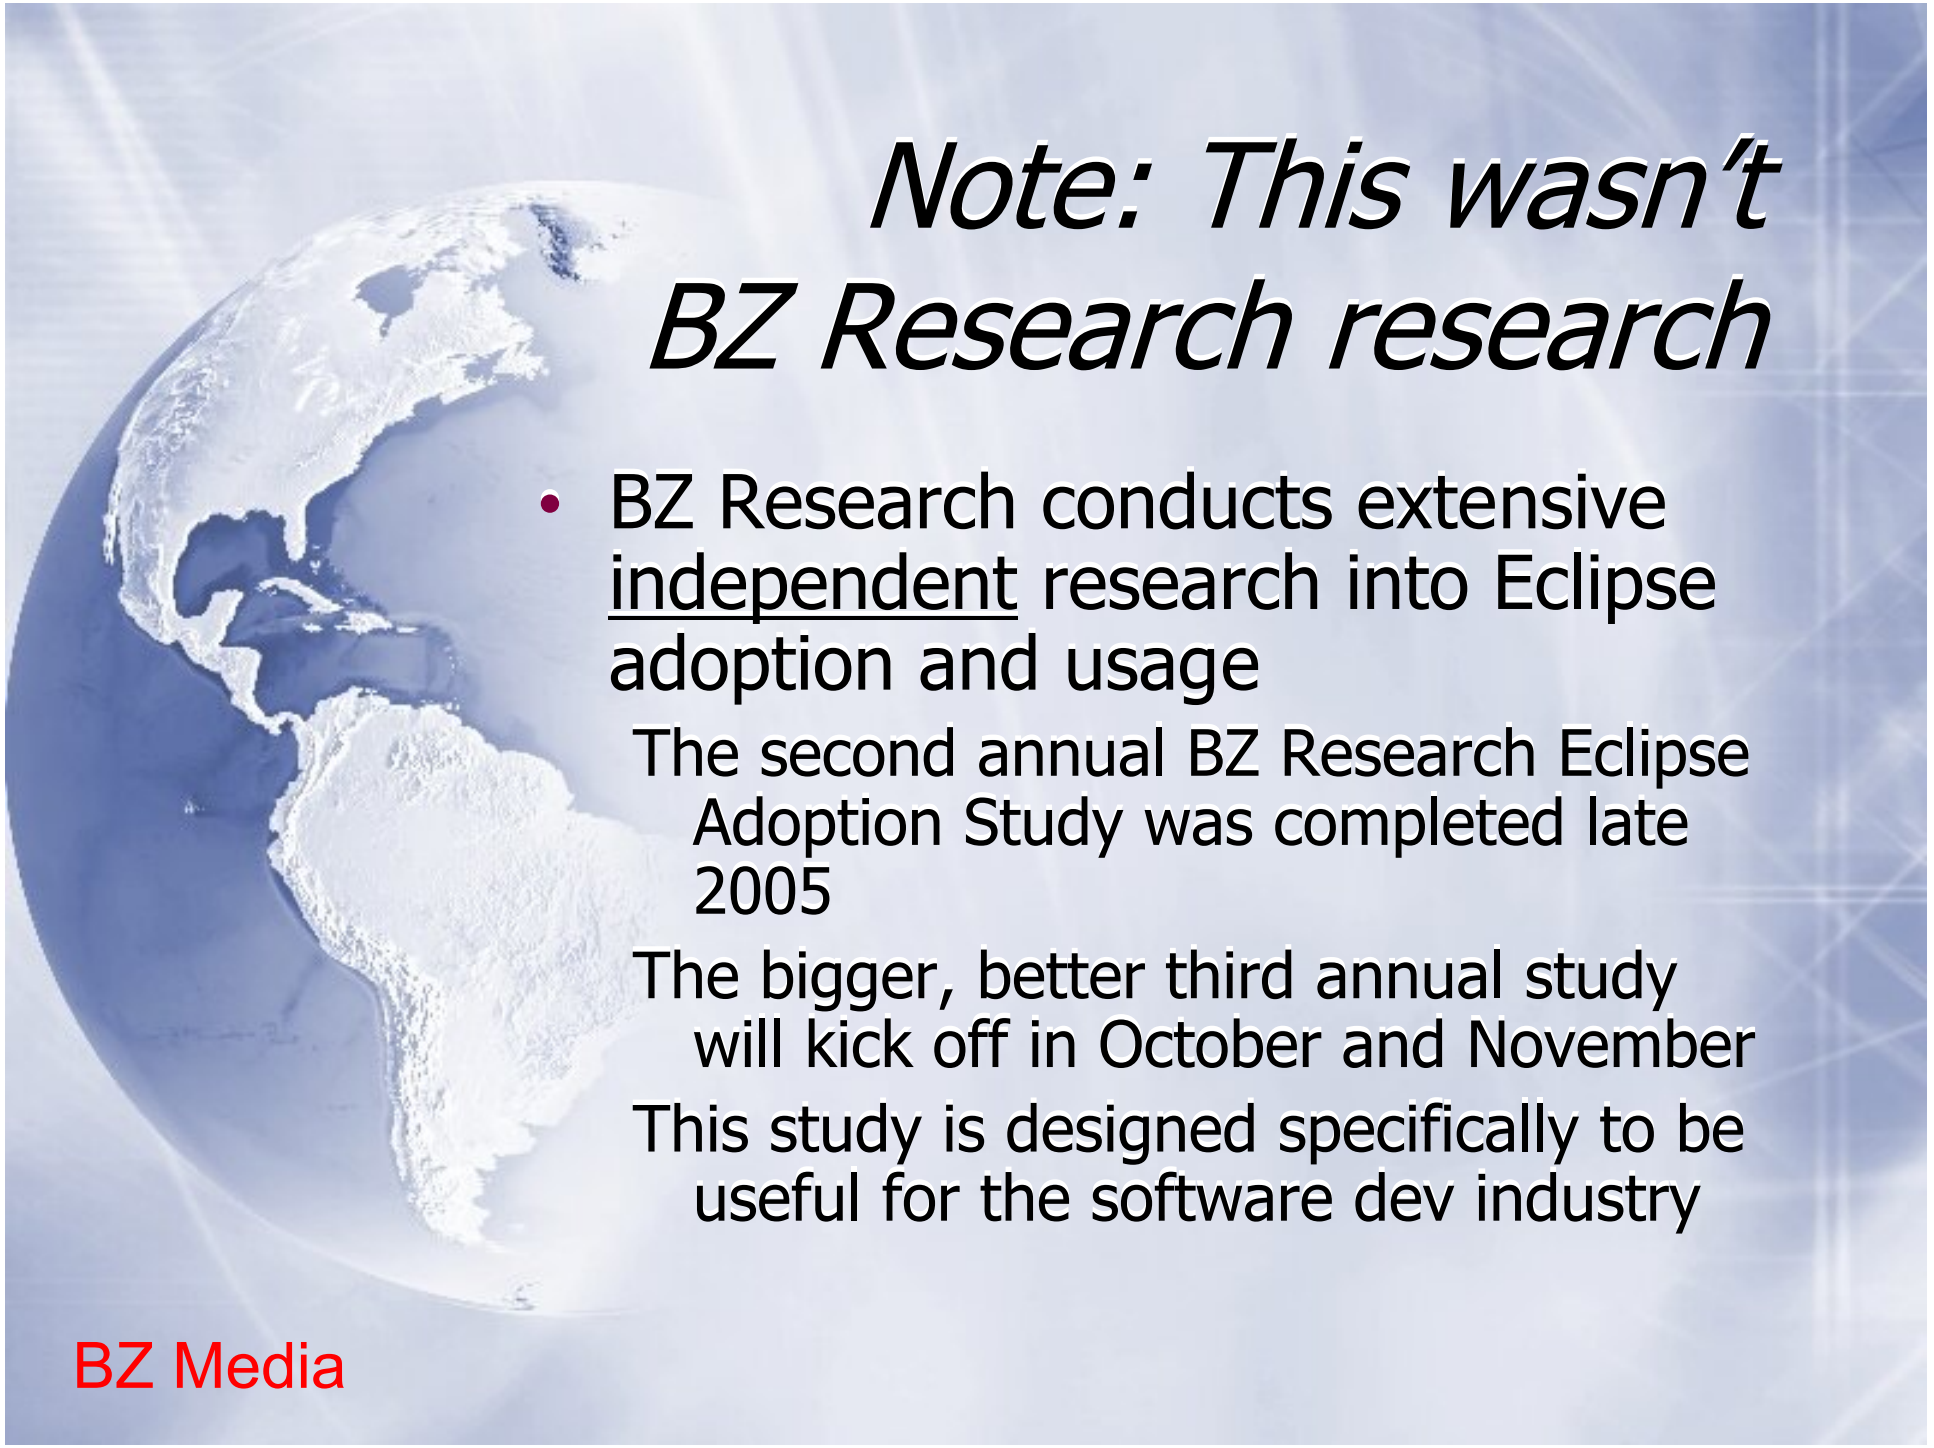


BZ Media

Which industry are you in?



BZ Media



Note: This wasn't BZ Research research

- BZ Research conducts extensive independent research into Eclipse adoption and usage
  - The second annual BZ Research Eclipse Adoption Study was completed late 2005
  - The bigger, better third annual study will kick off in October and November
  - This study is designed specifically to be useful for the software dev industry
